- Animations with CSS.

INDUSTRY SKILLS

TypeScript	JavaScript	Git	Vite	
React JS	Node JS	REST API		
Bilingual	CSS	HTML	CEO	UI
Scrum				

STRENGTHS

Soft Skills

Working with partners of all kinds of personalities, ideals, and customs is my strongest foundation. I am always ready to lend a hand to anyone who might need it in a coworking team. Connecting with the team is the key.

Perfectionist

I am seeking not only personal development but also the ability to excel in the coding tasks assigned by the team. I strive to improve continuously in order to contribute my best to the team.

PERSONAL PROJECTS

Rick and Morty wiki

01/2025

https://github.com/Cairon29/Rick-and-Morty-docs-page

Wiki powered by the Rick and Morty public API for users willing to find information about the show.

- Display information about characters, episodes and locations.
- Integrated with filters for season, name, number of appearances, and character status.
- Fully responsive web-site

Generic E-commerce

12/2024

https://rick-and-morty-wiki-orcin.vercel.app

A local e-commerce platform featuring login and shopping cart functionalities, powered by a dummy JSON service. It includes email order confirmation using the EmailJS library.

- JSON server powers user and products databases.
- The login and shopping cart functionalities utilize the React useContext API along with localStorage for data persistence.
- Fully responsive website.
